WILLIAMS POINTE – AMENDED PLANNED DEVELOPMENT

Waukee, Iowa

Planned Development District (PD)

Item 1 Location, Size, Legal Description

- A. See Attached: Exhibit A – Vicinity Map
Exhibit B – Property Legal Description
- B. The proposed development is comprised of approximately 103 acres in the East ½, NW ¼ and West ½, NW ¼ of Section 35 Township 79N Range 26W, Walnut Township, Dallas County, Iowa. The property is located on the south side of Highway 6 approximately 650 feet east of Alice’s Road.
- C. The property is bordered by light industrial zoning to the west, commercial and residential to the south, planned development zoning to the east and residential, agricultural and commercial zoning across Highway 6 to the north.

Item 2 Topography

- A. See Attached: Exhibit D – Existing Topography and Features Map

Item 3 Location and Description of Major Site Features, including Tree Masses, Drainage ways, Wetlands, Soils

- A. See Attached: Exhibit D – Existing Topography and Features Map
- B. The site generally drains from south to north. According to the Dallas County Soil Survey, the types of soils in the area consist of

Clarion loam, Nicollet loam, Canisteo silty-clay loam and Storden Loam.

Item 4 Location of 100 Year Floodplains

- A. Not Applicable

Item 5 Generalized Land Use Plan

- A. See Attached: Exhibit E – Rezoning Map (Amended _____, 2019)
Exhibit F – Primary Land Use Plan (Amended _____, 2019)
- B. Exhibit F represents a plan that consists of townhomes, single family, condominiums/apartments and commercial uses.

Item 6 Proposed Types and Densities of Development

- A. See Attached: Exhibit G – Bulk Regulations (Amended _____, 2019)
Exhibit H – Preliminary Development Layout

Item 7 General Location and Size of Building or Building Footprints

- A. See Attached: Exhibit H – Preliminary Development Layout
- B. Exhibit H shows approximate locations of buildings within the light industrial area. The light industrial area will not be constructed until specific users have purchased the property and site plans are prepared. The uses and development requirements shall meet the zoning regulations set forth by the PD Bulk Regulations.

Item 8 Site Master Plan, Including General Envelopes of Buildings, Parking, Open Space, and Other Site Features

- A. See Attached: Exhibit H – Preliminary Development Layout
- B. Exhibit H shows approximate locations of buildings within the light industrial area. The light industrial area will not be constructed until specific users have purchased the property and site plans are prepared. The uses and development requirements shall meet the zoning regulations set forth by the PD Bulk Regulations.

Item 9 Description and Location of all Use Types Included in the Project, including Maximum Floor Areas Devoted to Each Use

- A. See Attached: Exhibit G – Bulk Regulations

Item 10

Location and Design of Vehicular, Bicycle, and Pedestrian Circulation Systems, including Relationship to External Transportation System and Location of Driveways or Access Points Adjacent to the Project

- A. See Attached: Exhibit H – Preliminary Development Layout
- B. This property contains six major public access points throughout the development. Laurel Avenue (70-foot ROW) will be extended through the property from the residential neighborhood bordering the east property line to the light industrial district on the west property line. SE Brick Drive (80-foot ROW) and SE Waco Place (100-foot ROW north of Laurel Avenue 80-foot ROW south of Laurel Avenue) will be extended between Highway 6 and the residential neighborhood bordering the south property line. A boulevard entrance will be constructed at the intersection of Highway 6 and Waco Place, and Highway 6 and SE Brick Drive.
- C. The remainder of the development includes an internal road system consisting of both private and public streets. As shown on Exhibit H the internal road system within the light industrial development will be private and the road system throughout the single family development will be public. In order to limit the connectivity and industrial traffic traveling through the townhome development, SE Westbrooke Drive will be ended at the property line with a public cul-de-sac with a 70-foot ROW.
- D. Driveways and internal private road systems will provide access points for the commercial and condominium/apartment areas.
- E. An extensive network of sidewalks will be located throughout the project. An existing 30-foot trail easement exists along the south property line which will connect a trail to the Waukee City system to the south via Hawthorne Ridge Park.

Item 11

Schematic Location and Development Standards for Open Space, including Conceptual Landscape Plan

- A. See Attached: Exhibit G – Bulk Regulations
- B. Parkland requirements for this development will be met by providing improvements to the existing Hawthorne Park located southeast of the property as agreed upon by the city and developer.

Item 12

Building Design Standards, including Height, Materials, Sections, and Other Information Required to Describe the Project

- A. See Section 2: Architectural Character for example elevation views and floor plans for the single family and townhome areas. These house plans are shown for general character representation and

may vary from those shown. The exhibits are a sampling and do not illustrate all or any of the homes that will be constructed. Market conditions shall be reviewed at the time of construction to determine the exact home to be constructed.

- B. The townhome, single family, commercial, light industrial, and senior living areas shall meet the uses and development requirements set forth by Exhibit G – Bulk Regulations and by the Waukee Site Plan ordinance.

Item 13 Location of Existing and Proposed Utilities, Sanitary Sewer, Storm Water Facilities, and Water, Gas and Electrical Distribution Systems

- A. See Attached: Exhibit D – Existing Topography & Features Map

Item 14 Proposed Site Development Regulations, Including Maximum FAR or Other Density Regulations, Building and Impervious Coverage, Setbacks, Maximum Heights, and Other Design Standards Specific to the Project

- A. See Attached: Exhibit G – Bulk Regulations

Item 15 Proposed Signage

- A. At the time of development, each site plan would propose specific signage for their particular lot that would meet requirements set forth in the Waukee Zoning Ordinance which outlines specific requirements for the size, number and types of signs allowed for each type of zoning. Proposed site identification sign locations have been shown on Exhibit H.

Item 16 Proposed Public and Private Ownership Boundaries, including Proposed Private Lots and Common Ownership Areas

- A. See Attached: Exhibit E – Rezoning Map (Amended _____, 2019)
Exhibit J – Overall Williams Pointe Development
Exhibit H – AREA F Concept Plan

Item 17 Preliminary Plat, If Applicable

- A. Not Applicable

Item 18 Final Plat, If Applicable

- A. Not Applicable

Item 19 Schedule Indicating Proposed Phasing and Scheduling of Development
